OFFICE OF PERSONNEL MEMORANDUM NO. 20-61-6

SUBJECT : Qualification Standards for Professional Engineering Positions

REFERENCE: Memo dtd 12 June 63 to Heads of Career Services fr D/Pers, same subject

1. Referent memorandum established a testing procedure whereby Agency employees without full educational qualifications could be certified to fill professional engineering positions. This procedure has been discontinued.

2. Employees must now meet the qualification standards outlined in Civil Service Handbook X-118 dated June 1968 in order to qualify for assignment to Engineering positions. Those employees who have passed the written tests and have been certified for assignment to Engineering positions will be considered qualified for assignment to other Engineering positions.
